

Freestyle Premiere – Freestyle is back at Suomu

FIS Freestyle World Cup season 2009-2010 will be opened at Suomu. On December 12th Suomu will host the international top level mogul event

for both ladies and men. Also two FIS Europa Cup mogul events will be organised during the previous weekend. From this series of competitions Events In Suomu Oy, Ski Sport Finland and Suomutunturi Ski Resort have put together an event called Freestyle Premiere 2009.

Opening ceremonies for FIS Freestyle World Cup Mogul Opening will be held on Friday 11th. There will be both athletes and great artists on stage.

"After official speeches we will have a great show with darkness, lights and excellent artists", promises Side event producer Kari Väänänen.

International Ski Federation (FIS) has confirmed that Suomu will host Freestyle World Cup events until 2013. Freestyle Race Director Joe Fitzgerald is very confident that the organising committee of Freestyle Premiere will succeed.

"Slope, schedule and organisation. Those are the key points for successful event. I count on this organisation; Finns are extremely good of organising competitions. Schedule is already done and working. They have still some work to do with the slope, but I'm not worried about it when work is already started", Fitzgerald said when visiting Suomu in the beginning of October.

Ski Sport Finland, one of the organisers, wants to succeed as host but with its mogul skiers as well. Finnish Freestyle Team was training in Argentina and Middle Europe before snow fell down in Finland. Last season Tapio Luusua won two medals in FIS Freestyle

World Championships in Inawashiro Japan. Other team members are hungry as well to get up to the top podium. Hopefully the team will have a great training camp in Suomu before the event!
